

Information on the recruitment to the LLM EU Energy and Climate Law

The recruitment procedure will consist of two stages:

The first stage of the entry exam will take place on Thursday, 19 September at 5.30 p.m. in the classroom 102 at the Faculty of Law and Administration building (Collegium Iuridicum III) at Oboźna 6.

The second stage of the entry exam will take place the next day – on Friday, 20 September, starting at 8.30 a.m. in the same classroom. The schedule for the individual interviews will be provided after the first stage.

Stage I will consist of the completion of a legal knowledge test, for which up to 15 points can be obtained. Candidates who have obtained at least 7 points in the first stage of recruitment may be qualified for the second stage. We recommend as the preparation material to the test

The ABC of European Union Law by Klaus Dieter Borchardt

<https://op.europa.eu/en/publication-detail/-/publication/5d4f8cde-de25-11e7-a506-01aa75ed71a1>

Failure to attend this part of the recruitment process will result in the candidate being disqualified and awarded 0 points in the recruitment process.

Stage II will consist in the preparation of a presentation (speech for 3-5 minutes) on one of the topics from the list below. After listening to the presentation, committee members will ask questions. The maximum number of points to be obtained for the presentation prepared is 25 points. We do not suggest literature for the II stage. We would be grateful if you could prepare a statement on one of the following topics.

1. Energy security, climate change and promoting internal market – how do these values intermingle in the current energy market?
2. Supporting the development of new energy sources - what should be the role of the EU and Member States?
3. Is the market capable of ensuring energy security?
4. Nuclear energy - what should be its role in the EU energy sector?
5. The influence of CJEU judgments on the functioning of energy markets.

6. Sustainability, ESG and climate neutrality - same but different?
7. The American approach towards climate policy – country of opposing dynamics
8. Should we pay for polluting? Why yes? Why not?
9. The EU approach of „leading by example” – pros and cons
10. EU external competence – when and how?

Failure to attend this part of the recruitment process will result in the candidate being disqualified and awarded 0 points in the recruitment process.
