

THE BALTIC PERSPECTIVE ON THE ENERGY TRANSITION – OPPORTUNITIES AND CHALLENGES

Join us for The Baltic Perspective on the Energy Transition – Opportunities and Challenges, a conference organized by the University of Warsaw Vis Moot Association in collaboration with the Embassy of Finland in Poland and the Finland Arbitration Institute. The event will explore the newest development of the energy sector in Baltics, focusing on key issues such as energy-related disputes, regulatory challenges in the industry, and financing investments in renewables.

21 February 2025

13:00–17:00

Old BUW, University of Warsaw

Framework Overview of the Conference:
